

A private GP for your whole team, **from £12 a seat a month**

Every employee gets six GP appointments a year with the same GMC-registered GPs — in clinic in Sutton Coldfield or by video from anywhere in the UK — plus an annual health screening and flu jab. One monthly invoice to the business. No minimum term.

SEAT PRICES

Seats	Per seat / month	Example
1 – 9	£19	5 staff · £95 / month
10 – 49	£15	25 staff · £375 / month
50+	£12	80 staff · £960 / month

Each seat is our Essential plan (£19 a month to an individual). Medical services are VAT-exempt. Seats are counted on the invoice for the month they are in use; add joiners or remove leavers for the next month.

HOW IT WORKS

- 1 Tell us your headcount.** We confirm the seat price and invoice contact.
- 2 Send the staff list.** Name and email per seat; we set up each My Vesey login.
- 3 Employees book.** Clinic or video, from their own login. Their record is theirs alone.
- 4 One invoice a month,** raised in Xero. No minimum term.

EVERY EMPLOYEE GETS

- 6 GP appointments a year — in clinic or a 15-minute video call, UK-wide
- Annual Essential health screening (blood tests + clinician review)
- Annual flu vaccination
- Prescriptions, fit notes and referral letters issued in the appointment, no extra charge
- Priority booking on set clinic and video days each week
- Repeat prescriptions
- Preferential blood-test pricing and 15% off specialist referrals
- Their own My Vesey login for booking, results and documents

CONFIDENTIALITY

The business sees the seat count and the invoice, never who booked or why. Each employee's record is protected by our clinical confidentiality duties and UK GDPR. Occupational-health reporting, with the employee's consent, is a separate service.

NOT INCLUDED

Blood tests beyond the annual screening, scans and imaging, specialist consultations (15% member discount applies) and medicines on a private prescription, paid to the pharmacy.
